APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,
 and do hereby grant the same, subject to the following limitations and
 conditions:

This permit is issued subject to all existing rights on the
 source. It is understood that this right must allow for a reasonable
 lowering of the static water level at permittees well due to other
 ground water development in the area. A substantial weir or other type
 of measuring device must be installed and measurements of water use kept,
 and a method provided, either air line or opening, for measuring depths
 to water. The State retains the right to regulate the use of the
 water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount
 which can be applied to beneficial use, and not to exceed 5.2

cubic feet per second, and not to exceed a yearly duty of 4.0 acre-feet
 per acre of land irrigated.

Actual construction work shall begin on or before September 24, 1952

Proof of commencement of work shall be filed before October 24, 1952

Work must be prosecuted with reasonable diligence and be completed on or
 before September 24, 1953

Proof of completion of work shall be filed before October 24, 1953
